## REPORT TO THE PRESIDENT

The PRESIDENT,  
*The White House.*

SIR: This is a report on the results of the Notice of Opportunity to File Objections to the Amendment to the Code of Fair Competition for the Textile Processing Industry, which was issued January 22, 1935, with the provision that objections against the proposed Amendment could be filed any time prior to February 11, 1935. The Amendment, which is attached, was presented by the duly qualified and authorized representatives of the Industry complying with statutory requirements.

In accordance with customary procedure, all complaints received were given careful consideration and all statutory and regulatory requirements were complied with.

### PROVISIONS OF THE AMENDMENT

This Amendment provides for the filing of certain reports with the Code Authority by members of the Industry.

### FINDINGS

The Deputy Administrator, in his final report to the National Industrial Recovery Board on said Amendment to said Code, having found as herein set forth on the basis of all the proceedings in this matter:

It finds that:

(a) The Amendment to said Code and the Code as amended are well designed to promote the policies and purposes of Title I of the National Industrial Recovery Act including the removal of obstructions to the free flow of interstate and foreign commerce which tend to diminish the amount thereof, and will provide for the general welfare by promoting the organization of industry for the purpose of cooperative action among trade groups, by inducing and maintaining united action of labor and management under adequate governmental sanction and supervision, by eliminating unfair competitive practices, by promoting the fullest possible utilization of the present productive capacity of industries, by avoiding undue restriction of production (except as may be temporarily required), by increasing the consumption of industrial and agricultural products through increasing purchasing power, by reducing and relieving unemployment, by improving standards of labor, and by otherwise rehabilitating industry.

(b) The Code as amended complies in all respects with the pertinent provisions of said Title of said Act including without limitation subsection (a) of Section 3, subsection (a) of Section 7, and subsection (b) of Section 10, thereof.

(c) The Code empowers the Code Authority to present the aforesaid Amendment on behalf of the Industry as a whole.

(d) The Amendment and the Code as amended are not designed to and will not permit monopolies or monopolistic practices.

(e) The Amendment and the Code as amended are not designed to and will not eliminate or oppress small enterprises and will not discriminate against them.

(f) Those engaged in other steps of the economic process have not been deprived of the right to be heard prior to approval of said Amendment.

For these reasons, this Amendment has been approved.

For the National Industrial Recovery Board:

W. A. HARRIMAN,  
*Administrative Officer.*

MARCH 21, 1935.
